

VaporJet® 8000 Specifications

Color	Stainless Steel Grey
Detergent/water tank capacity	3 Qt
Detergent Pump Power	48W 220-240VAC
Detergent Tank Level Alarm	Acoustic and Visual
Detergent Injection Quantity	10 cc / min
Hot Water Injection Quantity + Steam gr/min	312 gr / min
Functional Boiler Pressure	130 PSI
Voltage	230VAC or 120VAC
Power Rating	3200W or 1750W
Boiler Material	Stainless Steel AISI 304
Boiler Volume	2 Qt
Tank Capacity	5+ Qt
Steam EV1 gr / min	56 gr / min
Steam EV2 gr / min	68 gr / min
Steam EV1 + EV2 gr / min	72 gr / min
Steam Production	Continuous Fill—No Wait Water Refill
Boiler Steam Temperature	340° F
Water Pump Power	48W 220-240VAC
Water Level Alarm	Acoustic and Visual
Pressure Alarm	Visual
Ultra-Low Voltage Switch Controls	9V DC
Heating Time	4 min
Power Cord	20 ft
Steam Regulation	Activation on Hose Handle
Machine Dimensions (LxWxH)	13 x 16 x 13 in
Net Weight	35 lb
Carton Dimensions (LxWxH)	25 x 19 x 29 in
